

WATER STORAGE CONTAINER

Item no & Product Size:
AS15 - 28Lt - Cream

Stay ahead of water outages with the Portable 28-Litre Water Container. With smart features like wheels for mobility, a foldable handle, and a spill-free extension hose, this container offers a convenient, hygienic, and efficient way to store and transport drinking water for your household.

FEATURES & BENEFITS

Large 28L Capacity

Stores enough water for daily use during outages or emergencies — perfect for families or high-usage homes.

Built-in Wheels for Easy Transport

No more heavy lifting! Simply roll your water home from collection points without the strain.

Fold-Away, Extendable Handle

Designed for on-the-go use. The handle tucks away when not in use and easily extends when you're ready to move.

Extension Hose for Easy Pouring

A smart built-in hose allows for mess-free decanting into glasses, kettles, or jugs — no tipping, no spills.

Leak-Proof & Durable Construction

Made to last, with tightly sealed closures to prevent leaks, even on bumpy rides or long walks.

Made from BPA-Free Materials

Safe for drinking water, with no harmful chemicals — ensuring your family's health is never compromised.
